

SUMMARY

Mustafa Alhijaj
21 years old

Driven second-year Computer Science student and freelance developer skilled in React, Next.js, Node.js, and PostgreSQL, with hands-on experience building 10+ web applications. Adept at balancing technical projects with office administration tasks like workflow optimization and client coordination. Committed to merging code and operational efficiency to solve complex challenges.

EXPERIENCE

Freelancer web developer

08/2022 - Present

Freelance

Developed dynamic, user-centric web applications using modern frameworks like React and Next.js for frontend, coupled with "Node.js" and "Express.js" for backend logic, ensuring seamless integration and scalability.

- Built and maintained "RESTful APIs" to connect frontend interfaces with MongoDB and "PostgreSQL" databases, optimizing data retrieval speed by 25% through efficient query design.
- Collaborated with clients to translate business requirements into technical solutions, delivering 10+ projects including e-commerce platforms, dashboards, and CMS-driven websites.
- Implemented responsive designs and accessibility standards, improving cross-device compatibility and user engagement by 40%.
- Streamlined deployment workflows using tools like "Vercel", reducing launch timelines by 15%.
- Resolved critical bugs and performance bottlenecks, enhancing application stability and client satisfaction.

EDUCATION

Shatt AL-Arab University (Iraq, Basrah) - Computer Science Bachelor

11/2023 - Present
